DOCUMENT RESUME

02182 - [1572550]

Examination of Financial Statements of Federal Prison Industries, Inc., Fiscal Year 1975. FOD-77-03; B-114826. May 31, 1977. 13 pp.

Report to the Congress; by Elmer B. Staats, Comptroller General.

Issue Area: Accounting and Financial Reporting (2800). Contact: Field Operations Div.

Budget Function: Law Enforcement and Justice: Federal Correctional and Rehabilitative Activities (753).
Organization Concerned: Federal Prison Industries, Inc.;

Department of Justice.

Congressional Relevance: House Committee on the Judiciary; Senate Committee on the Judiciary; Congress. Authority: 18 U.S.C. 4121.

The primary purpose of the Federal Prison Industries, Inc., a wholly owned Government Corporation which functions within the Department of Justice, is to give inmates an opportunity to obtain training in marketable skills and avoid idleness through employment. Findings/Conclusions: During fiscal year 1976, the Corporation operated 58 shops and factories at 25 Federal institutions. During this year, the Corporation altered its treatment of certain costs which previously were considered administrative expenses. The change was necessary to insure proper recording of these costs, taking into account the Corporation's reorganization along product lines. The costs related to sales, administration, and production functions will now be accounted for as direct product costs and ultimately expensed as an element of cost of goods sold. Before this new treatment, they were subject to an annual congressional limitation. The change in accounting for these costs had no effect on corporate net income, but factory overherd costs increased by \$1,001,029, and administrative expenses decreased from the previous year. The financial statements included in this report present fairly the financial position of the Corporation at June 30, 1976 and June 30, 1975; the results of its operations for the years then ended; and changes in its financial position for the year ended June 30, 1976. (Author/SC)

REPORT TO THE CONGRESS

BY THE COMPTROLLER GENERAL OF THE UNITED STATES

Examination Of Financial Statements Of Federal Prison Industries, Inc., Fiscal Year 1976

Department of Justice

The financial statements of the Federal Prison Industries, Inc., present fairly its financial position at June 30, 1976, and the results of its operations and changes in its financial position for the year then ended.

COMPTROLLER GENERAL OF THE UNITED STATES WASHINGTON, D.C. 2048

3-114826

To the President of the Senate and the Speaker of the House of Representatives

This report summarizes the results of our examination of the financial statements of the Federal Prison Industries, Inc., Department of Justice, for the fiscal year ended June 30, 1976.

We made our examination pursuant to the Government Corporation Control Act (31 U.S.C. 841).

We are sending copies of this report today to the Director, Office of Management and Budget, and to the Attorney General.

Comptroller General of the United States

COMPTROLLER GENERAL'S REPORT TO THE CONGRESS

EXAMINATION OF FINANCIAL STATEMENTS OF FEDERAL PRISON INDUSTRIES, INC. FISCAL YEAR 1976 Department of Justice

DIGEST

The Government Corporation Control Act requires the Comptroller General to examine the financial transactions of the Federal Prison Industries, Inc.

The Federal Prison Industries, Inc., a wholly owned Government corporation created pursuant to the act of June 23, 1934, functions within the Department of Justice under the general direction and supervision of the Attorney General. The corporation's primary purpose is to give inmates an opportunity to obtain training in marketable skills and avoid idleness through employment. During fiscal year 1976 the corporation operated 58 shops and factories at 25 Federal institutions.

During fiscal year 1976 the corporation altered its treatment of certain costs which previously were considered administrative expenses. The change was necessary to insure proper recording of these costs, taking into account the corporation's reorganization along product lines. These costs are now being treated as factory cverhead.

OPINION ON FINANCIAL STATEMENTS

In GAO's opinion the financial statements included in this report present fairly the financial position of Federal Prison Industries, Inc., at June 30, 1976, and June 30, 1975, the results of its operations for the years then ended, and changes in its financial position for the year ended June 30, 1976, in conformity with principles and standards of accounting prescribed by the Comptroller General of the United States, applied on a

basis consistent with that of the preceding year, except for the change, with which we concur, in product costing as described in notes 4 and 5 of the financial statements.

CHAPTER 1

INTRODUCTION

The Federal Prison Industries, Inc. (FPI), a wholly owned Government corporation created pursuant to the act of June 23, 1934 (18 U.S.C. 4121), functions within the Department of Justice under the general direction and supervision of the Attorney General. The corporation's primary purpose is to give inmates an opportunity to obtain training in marketable skills and avoid idleness through employment.

The operating policies of the corporation are prescribed by a six-member board of directors appointed by the President. The directors are appointed for indefinite terms and serve without compensation. These members and the properties of the corporation are listed in appendix II.

Government agencies must purchase such industry products from the corporation as meet their requirements and as may be available at prices not exceeding current market prices. The board of directors has established the policy that prices shall not be materially below current market prices.

During fiscal year 1976 the corporation operated 58 factories and shops at 25 Federal institutions. The types of industries ranged from the manufacture of gloves, brushes, and brooms to automatic data processing and printing services. (See app. I.) Total industrial employment for the year averaged 5,423 or about 20 percent of the total inmate population.

CHAPTER 2

OPERATIONS

CHANGE IN ACCOUNTING TREATMENT FOR CERTAIN EXPENSES

FPI's operations were reorganized in fiscal year 1975 along product lines. At present, the corporation has seven product lines, each of which constitutes an operating division headed by a division manager. Formerly, the functions now being performed by these managers had been the responsibility of corporate management.

The costs related to these functions—including sales, administration, and production—had been accounted for as administrative expenses. Commencing fiscal year 1976, these costs will be accounted for as direct product costs and ultimately expensed as an element of cost of goods sold. Before this new treatment, with which we concur, they were subject to an annual congressional limitation. Under present conditions, the limitation would no longer be applicable to such costs. The fact that the division manager's work is related to the product line supports the new accounting treatment.

The change in accounting for such costs had no effect on corporate net income; however, factory overhead costs increased by \$1,001,029, and administrative expenses decreased from the previous year. Administrative expenses, subject to a fiscal year 1976 congressional limitation of \$1,906,000, amounted to \$964,389 for the year ended June 30, 1976.

PRODUCT LINE DIVISION OPERATIONS

During fiscal year 1976, corporate sales, including interindustry sales of about \$3.1 million, exceeded \$81.3 million. These sales resulted in an industrial profit of about \$13.5 million. The following schedule presents sales and profit data by product line.

| Product <u>line</u> | Sales | <u>Profit</u> | Percent of profit to sales | Number of inmates employed |
|--------------------------|-------------|-----------------|-------------------------------------|-------------------------------------|
| | (million) | (million) | | |
| Textile Metals/auton- | \$28.1 | \$ 6.1 | 21.8 | 1,748 |
| omous (note a) | 14.9 | 1.9 | 12.7 | 1,052 |
| Electronics | 14.3 | 2.3 | 16.2 | 830 |
| Shoe/brush | 12.2 | 2.4 | 19.4 | 623 |
| Wood/plastics | 6.5 | .1 | 2.0 | 748 |
| Graphics | 4.2 | .6 | 15.1 | 248 |
| Automatic data | | | | |
| processing | <u>_1.0</u> | <u>(p)</u> | • 4 | <u> 174</u> |
| Total | \$81.3 | <u>c/\$13.5</u> | 16.6 | 5,423 |

a/Autonomous includes the following industrial operations: broom, auto repair, dairy, tices, and auto.

b/Total profit was \$3,875.

c/Does not add due to rounding.

The average profit-to-sales percent during the period was 16.6. Of the product line divisions, only wood/plastics and automatic data processing operated far below the average. However, since FFI must constantly strive to accomplish its primary mission of employing inmates so as to provide marketable skills and avoid idleness where possible, the profit motive is not always the sole impetus behind industrial operations. For example, despite the poor profit for these two divisions, they employ over 900 inmates at 14 separate prison locations.

INTERNAL AUDIT ACTIVITY

The internal audit function is one of management's most essential tools, complementing all other elements of management control. The internal audit staff of the Department of Justice makes annual audits of financial operations at selected industrial locations. This year's audits included 15 field locations having 34 industrial operations. Each audit culminates in a report to the Commissioner of FPI.

As part of our audit, we reviewed the scope of such work, analyzed the type and significance of any audit findings and management's response, and determined any corrective action taken. We relied to the extent possible on the internal auditors' work to reduce the scope of our audit.

CHAPTER 3

SCOPE OF AUDIT AND OPINION ON FINANCIAL STATEMENTS

We have examined the balance sheet of FPI as of June 30, 1976, the related statement of income and retained earnings, and the statement of changes in financial position for the year ended June 30, 1976. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances. We previously made a similar examination of the financial statements for the year ended June 30, 1975.

In our opinion, the financial statements referred to above present fairly the financial position of FPI at June 30, 1976 and 1975, and the results of its operations for the years then ended and the changes in its financial position for the year ended June 30, 1976, in conformity with principles and standards of accounting prescribed by the Comptroller General of the United States, applied on a basis consistent with that of the preceeding year, except for the change, with which we concur, in product costing as described in notes 4 and 5 of the financial statements.

GAO Notes

- The fiscal year 1975 amounts shown for plant and equipment have been restated to recognize certain vocational training items which were improperly classified as operating items. These restauements did not change the total amount shown for plant and equipment.
- The fiscal year 1975 amount shown for construction-in-process was restated to recognize a \$20,000 contribution from the Department of Health, Education and Welfare which was not recorded until fiscal year 1976 although applicable to fiscal year 1975 operations.

The notes on pages 8 to 11 are an integral part of the financial statements.

NOTES TO FINANCIAL STATEMENTS

1. SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Federal Prison Industries, Inc. include the accounts of the central office and the industrial facilities at 25 penal and correctional institutions. Appropriate eliminations are made for interindustry transactions and resulting profits.

The straight-line method of depreciation is used for all depreciable assets. Rates of depreciation are generally based on useful life guidelines established in Revenue Procedures 62-21 issued by the Treasury Department, Internal Revenue Service.

Raw materials inventory is recorded at actual cost or appraised value for donated material.

Work-in-process inventory is recorded at actual cost determined by one of the following methods: process costing, job costing, or standard costing, depending upon the type of industry.

Finished goods inventory is stated at the lower of cost or 95 percent of selling price.

All fixed assets costing \$200 or more are capitalized; those costing less are expensed in the current period.

2. ACCOUNTS RECEIVABLE

Accounts receivable consists primarily of amounts due from Government agencies (e.g., Post Office, General Services Administration, and Department of Defense). Accounts receivable are aged as either over or under 90 days. Approximately \$445,000 in fiscal year 1976 and \$674,000 in fiscal year 1975 of accounts receivable were past due 90 days or more.

3. LIABILITY FOR PRICE ADJUSTMENTS

Sales figures are net of anticipated adjustments to customers. A \$164,081 liability has been established for anticipated refunds for price reductions on items sold during the year.

4. COST OF GOODS AND SERVICES SOLD

Costs of goods and services sold for fiscal year 1976 include \$1,001,029 of operating costs for Product Divisional Offices. The operation of each Product Division Office was established under FPI reorganization; these costs were previously reported as administrative. (See note 5.)

| | Fiscal year | | |
|--|-----------------------------------|-------------------------------------|--|
| | 1976 | 1975 | |
| Material Labor | \$38,368,493 3,822,048 | \$37,691,317 3,385,885 | |
| Overhead | 21,673,463 | <u>18,063,846</u> | |
| | 63,864,004 | 59,141,048 | |
| Add work-in-process, beginning Less work-in-process, ending | 6,242,502 (<u>6,103,246</u>) | 5, \52,098 (<u>6, _42,502</u>) | |
| Cost of goods and services manufactured | 64,003,260 | 57,950,644 | |
| Add finished goods, beginning Less finished goods, ending | 5,798,925 (<u>5,552,819</u>) | 5,148,475 (<u>5,798,925</u>) | |
| Cost of goods and services sold | \$ <u>64,249,366</u> | \$57,300,194 | |

5. ADMINISTRATIVE EXPENSES

Certain administrative expenses are subject to congressional limitation.

| | Fiscal year | | |
|----------------------------------|-------------|---------------------|--|
| | 1976 | 1975 | |
| Amounts subject to congressional | | | |
| limitation: | | | |
| Salaries | \$599,345 | \$1,080,153 | |
| Trayel | 36,087 | 96,077 | |
| Rent for Washington office | 26,176 | 54,416 | |
| Telephone | 11,828 | 32,993 | |
| Printing and reproduction | 39,497 | 46,337 | |
| Auditing | 210,000 | 175,000 | |
| Miscellaneous | 41,456 | 73,885 | |
| Expenses subject to limitation | \$964,389 | \$ <u>1,558,861</u> | |

Congressional limitation:

1976 - \$1,906,000 1975 - \$1,804,000

Beginning with fiscal year 1976, all costs related to the product line divisions, regardless of geographic location, will be charged to that division and considered as part of overhead (\$1,001,029) in cost of goods sold. The administrative expense accounts subject to congressional limitation received all charges related to the general management of the corporation as a whole.

6. WURKMEN'S COMPENSATION

The Department of Labor pays all workmen's compensation expenses incurred by the Corporation. Labor is then reimbursed by the Corporation. Bills for each fiscal year's workmen's compensation expense are not received by the Corporation until after the close of the fiscal year. Beginning with fiscal year 1975, the Corporation established an accrual to cover the anticipated expense for workmen's compensation for the current year. However, the expense shown for fiscal year 1975 represents the actual cost billed by Labor to the Corporation for fiscal year 1974 of \$154,399, p'us an accrual for fiscal year 1976 of \$156,000. The amount shown for fiscal year 1976 represents an adjustment of \$48,101 to reflect the actual expense billed to the Corporation for fiscal year 1975 and an accrual of \$240,000 for fiscal year 1976.

7. AUDITING

The amounts reported represent the charges for the internal audit function performed by the Office of Internal Audit, Department of Justice and the audit of the Corporation's financial statements by GAO. Both audit functions are made annually. Costs incurred were as follows:

| | Fiscal year 1976 1975 |
|---------------------------------------|--|
| Department of Justice audit GAO audit | \$175,000 \$150,000 <u>35,000</u> <u>25,000</u> |
| | \$210,000 \$175,000 |

8. NONOPERATING EXPENSES

These expenses are not directly related to the operations of FPI but apply to all inmates of Federal prisons. The

amounts are determined by the Board of Directors, except for accident compensation which is based on actual experience.

9. VOCATIONAL EXPENSE

| | Fiscal year | |
|---------------------------------|---------------------|----------------|
| | 1976 | 1975 |
| Personnel compensation | \$2,920,449 | \$3,607.056 |
| Personnel benefits | 291,378 | 281,322 |
| Travel and transportation of | | |
| persons | 59,422 | 26,519 |
| Transportation of things | 11,305 | 6,687 |
| Rent, communications, utilities | 246,357 | 229,091 |
| Printing and reproduction | 136,402 | 15,323 |
| Other services | 324,754 | 429,910 |
| Supplies and materials | <u>356,480</u> | <u>339,078</u> |
| Subject to congressional | • | |
| limitation (note a) | 4,346,547 | 4,414,986 |
| Add depreciation: | , | |
| Machinery and equipment | 195,172 | 227,057 |
| Building and improvements | 180,470 | 191,485 |
| Total | \$ <u>4,722,189</u> | \$4,833,528 |

a/Subject to congressional limitation of \$5,120,000 for fiscal year 1976 and \$5,051,000 for fiscal 1975.
